

Weather Closures & Illnesses

SERP's Weather Closure Policy

SERP will close when Tri-Met lift is not running because of the weather.

To determine whether or not Tri-Met Lift is running on any particular day, you can:

1. Call Tri-Met Lift [(503) 962-8000], or
2. Check the Tri-Met website [<https://trimet.org>].

Be sure to dress in preparation for cold and/or wet weather. If participants are not dressed appropriately they may not be able to participate in community activities. If the weather is in doubt, bring a coat.

SERP's Illness Policy (Updated for COVID procedures)

Please be respectful of others and stay home when you are sick so others are not exposed.

SERP serves a variety of individuals with various levels of immune deficiencies. Many SERP staff members have children whose health they are monitoring. Due to the recent increase in sickness and contagious diseases (e.g., pneumonia, influenza, COVID-19), we are asking all providers/parents to please be aware of individuals' health. **If you notice any signs of fever, cough, runny nose, unknown rash or any symptom that may be attributed to being sick, please keep them home.**

Should they show up at SERP sick SERP staff will call and ask you to pick them up. Please keep them home till sufficient time for illness to pass. **Due to the COVID-19 pandemic, we request that you provide a negative COVID-19 test before returning to scheduled programs.**

We understand some clients have allergies or other reasons why they may exhibit signs of sickness unrelated to the infectious diseases mentioned above. In these instances SERP will work with home and medical providers.
